Profile

As a Frontend-end developer with experience in Git, React, CSS3, and JavaScript, I am dedicated to creating visually stunning and user-friendly websites and applications. My past experience includes working on a fitness website for junglefitnessworld, where I utilized my skills in ReactJs and HTML5 to develop a responsive and engaging platform. I am highly adaptable and quick to learn, allowing me to stay up-to-date with the latest technologies and design trends. In my future career, I aim to collaborate with a diverse team to foster innovation and deliver cutting-edge solutions. I am passionate about creating impactful digital experiences for users worldwide.

Employment History

Frontend-end Developer, Jungle Fitness World

SEPTEMBER 2023 – OCTOBER 2023

Developed a fitness website using HTML5, CSS3, and JavaScript to create a visually stunning and user-friendly interface. Implemented React.js to enhance interactivity and improve the overall user experience. Collaborated with a team of talented individuals to design and develop the website, ensuring it met the client's needs and exceeded their expectations. Continuously stayed updated with the latest technologies and design trends to deliver cutting-edge solutions.

- Utilized Git for version control, allowing for efficient collaboration and easy management of code.
- Demonstrated problem-solving skills to overcome challenges and ensure a smooth development process.
- Adapted quickly to new technologies and learned new skills to enhance the quality of the website.

Education

High School Diploma, Ilasan senior secondary school , Lagos

SEPTEMBER 2021 – JULY 2023
